

Sinfonia Rocked with 2,600 3rd-5th Graders from Okaloosa & Walton Counties.

On Wednesday, April 27, Sinfonia Gulf Coast, our region's only fully professional symphony orchestra presented its 3rd annual LINK UP performance "The Orchestra Rocks", in conjunction with Carnegie Hall's The Weill Institute of Music. Sinfonia is one of more than 80 partner orchestras around the world to selected to present this highly participatory program for students in grades 3-5. Students learn to sing and how to play an instrument during the school year-long curriculum, which culminates each Spring with them performing live with Sinfonia.

Thank you to all of the teachers and students who made this year such a huge success!

Sinfonia's LINK UP is 100% free to all students due to continued funding from the St. Joe Community Foundation and additional partners below.
